CONSTITUTIONAL AMENDMENT 1
Section 1. Are you in favor of amending the Constitution of Kentucky to make it consistent with the provisions of the United States Constitution?

Section 2. It is proposed that a new section be added to the Constitution of Kentucky to read as follows:

To secure for victims of crime a meaningful role throughout the criminal and juvenile justice systems, the victim, as defined in this section and subject to the protections of the United States Constitution and 18 U.S.C. § 3663, shall have the following rights:

1. To be notified upon request, to a timely notice of all proceedings and to be heard in any proceeding involving a defendant, including during a hearing on a motion to dismiss, or in the consolidation of any proceeding, a conviction of a sentence, granting of a rehearing, or other matter involving the release of a defendant or the termination of the case;
2. To be advised of the availability of a victim's advocate;
3. To be present at all proceedings, and to be able to testify at all proceedings, on the same basis as the victim;
4. To have the right to be informed of the victim's rights, to assist the victim, and to be provided with such other rights as are consistent with the interests of the victim, including the right to be protected from any retaliation, and the right to be assisted in the prosecution of the case.

Section 3. This amendment shall take effect on the day following the election for the Commonwealth's Attorney in each district court, unless the office is abolished or the district court is abolished, and the successor shall hold the office for the number of years remaining in the term of the successor to the office who is vacated by the election of the successor.
