Dear Applicant:

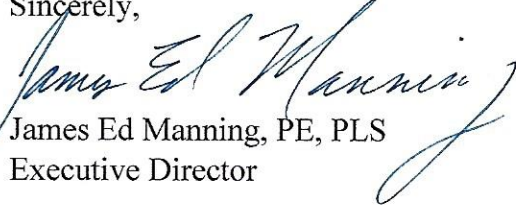

Congratulations! Your application for licensure as a Professional Land Surveyor has been approved. Your license certificate is enclosed.

A facsimile of the required seal is also enclosed. You should purchase the appropriate seal and/or stamp from the supplier of your choice. You were previously sent a document in .pdf format containing selected sections of KRS 322 - the surveying licensure law, and 201 KAR Chapter 18 - administrative regulations. Enclosed herewith in printed form is information covering the continuing education requirements, firm permitting, and standards of practice for surveys and mortgage inspections. The standards documents include checklist forms, which many licensees find helpful.

Your license must be renewed on a biennial basis. The Board sends a notification card in the mail to remind you when it is time to renew. You can also check your license status any time at <https://elsweb.kyboels.ky.gov/kweb/Searchable-Roster>. It is your responsibility to keep the board informed of your current contact information.

Again, congratulations on becoming a Professional Land Surveyor.

Sincerely,

James Ed Manning, PE, PLS
