Each biennium, resident agents with major line of authority, resident life settlement brokers, and independent and public adjusters with resident or KY-designated home state status are required to complete 24 hours of continuing education, along with license renewal. Failure to meet continuing education requirements will be listed under enforcement actions below.

Classifications

License	Status	Expiration Date	Adjuster Designated Home State
Agent	Active	12/31/2022	

Licenses

Line of Authority	Residence	Status	Active Date	Inactive Date
Agent - Casualty	Resident	Denied		
Agent - Health	Resident	Active	6/1/2007	
Agent - Life	Resident	Active	6/1/2007	
Agent - Property	Resident	Denied		

NOTE: 1) If status is displayed above as "pending replacement", this means the licensee is ACTIVE, but in a grace period to respond to a license compliance requirement within a designated timeline. If the licensee fails to comply timely, the license will expire and move to INACTIVE status.

2) Kentucky requires an examination for adjusters; therefore, those with an active license have either passed an examination in Kentucky or have provided proof of passing another state-administered examination.

Sincerely,
