

My name is Teresa Mundy and I would like to start a business called "The Trustin Group, LLC" for a couple of my direct sale businesses. I am a Legal Shield Associate and a Damsels in Defense Professional. Legal Shield provides legal and ID theft plans for individuals, families, and businesses. Damsels in Defense provides self-defense products. I also plan to sell handmade items on my website along with my services as a guest speaker. I would like to promote my services under one name. The word "trustin" is a combination of the name I usually go by (Tracy) and my husband's name (Justin): Tracy + Justin = Trustin.
