As a Builder, Real Estate Broker , and a small business owner working everyday in this district for the last 30 years, I have been able to help families in our community achieve the dream of home ownership. As I have been dedicated to helping the community on a local level, I have watched over the last 4 years, as we have had record economic growth in the state, but our district has been left out of that growth. I believe that we need a change in Frankfort , to give us a voice and a seat at the table to fight for our district. With my experience over the last 30 years owning and running small businesses, I understand what it takes to be fiscally responsible and make tough decisions on a daily basis. I believe I bring the experience necessary to move us forward and I am able to work together with everyone to help better our district.

MY PRIORITIES ARE:

SMALLER GOVERNMENT & LOWER TAXES

As a business owner, I see the effect that government regulations and taxes have on small businesses and families. I know working-class families and seniors can't continually pay increasing taxes. That's why I will make protecting taxpayers a priority by cutting wasteful spending, work to reduce the debt and passing balanced budgets without tax increases.

JOBS

Creating jobs is essential for a thriving community. I will work to attract new businesses and industries to our area, as well as provide support for local small businesses. By creating more job opportunities, we can improve our economy and quality of life.

DEFENDING OUR FAMILY VALUES

I am 100% pro-life, pro-gun, and pro-family. I will always protect and fight for your rights granted to you by God and the United States Constitution. By taking action now, we can ensure a better world for future generations.
