Seth Winslow Young, District 63

I, Seth Winslow Young, a Villa Hills resident, have announced my candidacy for Kentucky House District 63.

As a lifelong Kentuckian, I have decided to run for a new generation of Americans with the sole purpose of restoring the Commonwealth and renewing the American Dream.

The Commonwealth does not belong to special interests or political dynasties. It belongs to the people who wake up early, work hard, raise families, and try to build a life here. My mission is simple: put Main Street ahead of insiders, raise our standards, and fight without apology for the people of District 63.

Top 7 concerns are:

1. **Defend Our Communities from Fentanyl & I-75/I-71 Trafficking** - Strengthen interdiction, policing support, and anti-trafficking coordination to protect families from the synthetic-opioid wave.
2. **Lower Taxes & Strengthen Local Small Businesses** - Keep more money in the hands of working families and job creators while cutting waste and government overreach.
3. **Restore Excellence in Education** - Expand trades, apprenticeships, parental rights, and classical/traditional learning opportunities for the next generation.
4. **Protect Families, Faith, and Constitutional Freedoms** - Stand firm for family values, religious liberty, free speech, and the rights of law-abiding Kentuckians.
5. **Invest in Better Infrastructure for Northern Kentucky** - Smart roads, safer intersections, upgraded utilities, and future-proof digital access for Boone & Kenton counties.
6. **Strengthen Law Enforcement & First Responders** - Provide resources, training, and community-level support to those who protect our neighborhoods every day.
7. **Expand Treatment, Recovery & Mental-Health Support** - Help rebuild lives through compassionate, Christ-centered recovery pathways and stronger local support networks.
