I am a follower of Jesus Christ and am Pro Life. I support Term Limits very strongly. I support our President and am a day one supporter and the Trump County Chairman of Jackson County, Michigan, the birthplace of the Republican party. I went toe to toe with the Senate Majority Leader at the time, Mike Shirkey explaining why America needs Trump to set America back in position of power. That said, I realize Brother Comer will win the seat again though it is my belief that he will then move on next year, prior to the term ending and run for and win as governor of Kentucky. My expectation is that he will be the best governor that Kentucky has seen in many years, maybe ever. He only lost by 83 votes last time. My beliefs lead me to always help people where I can, and I view this position as a possible place to help people. Perhaps President Trump will make a space for me on the Faith Council to further the cause of getting churches to move off neutral ground, focus and share the Bible in a more collective robust way. Maybe I'll be appointed as an ambassador to share the gospel and help. If elected I will give my best as if unto the Lord who has blessed me and allowed us to start a church that was an old 1800s Methodist Church and bring about a renewal and life back to it as a non-denominational church. Gods' providence has been very apparent. The Lord opened a homeless shelter above the sanctuary back in early 2020 during covid. We kept the church doors open and as a result, were called murderers among other things. No, I did not take the covid shot and former President Joe Biden said all who refused the shot were now on a list. I have felt the pain of being on that list. You can go to [www.liveinfaithnow.com/bob](http://www.liveinfaithnow.com/bob) and if you drop the bob, you will find Biblical sermons straight from scripture. This present life is only a beginning, and death is only a beginning. Just read Luke 16 and you can see what happens when people die. According to the Bible most people go to hell, and few go to heaven (Matt 7v13-14). I have made many applications in ministry from house parents, orphanages, missions, and Pastor positions as the ministry has been under siege. This reminds me of Honey and Lara Trumps book which they gave us at the Turning Point gathering at Auburn, AI. Also went to Oxford, MS with VP Vance We didn't get to ask any questions as credit to JD who wanted those that were opposed to the front of the line, much like Charlie Kirk did. I got to meet Charlie once at TP Faith in Nashville. If elected or if asked to serve for Brother Comer, I would happily do so. I have a fair amount of education and am currently in a doctoral program at NOBTS and have a PHD. Compared to the knowledge of the Gospel, it is unimportant. Chief James Sukach and his Detective Michael Strader writing false police reports is disgusting and appears have worked and poisoned the well with other agencies and people. Pray that Brother Comer and or President Trump bring the light into the darkness. They wrote with zero evidence saying Rape, assault and aggravated burglary twice which equates to life in prison. Again, zero evidence. I will try to post the police reports so you can read what lyin' police reports are then when you factor in TBI Bryant Allen and his helper Emily Keifer you have Allen who then thought it good to call me a pedo and rapist again talk about bias and not being objective in an investigation. They did not even interview the neighbors who were all awake immediately next door to 95 Main St. Big Sandy, TN. My wife Delia caught a lady upstairs with over 200 beer cans and 2 bottles of booze and tells her on July 1st, 2023, we are having a meeting July 3<sup>rd</sup>, 2023, 10:00 am with her pastor Kenny Loudon, Pastor Brian Parsons, Mike McMillan, Diane Shepherd, Delia and myself. All this nonsense of two 911 calls in which the chief did not use his blue lights and zero body cam spends an hour and half sweeping the apt to come back with only a 51 second gap after he left the church and supposedly all this nonsense happened? This deprivation of rights through conspiracy and color of law is very egregious and maybe this exposure can help bring truth to light. We pray that justice can be served in the Western District of TN in Jackson. We moved to Kentucky over this and IIED foisted later. This is something no American should have to endure. Maybe Pres Trump would let me help the Pardon Czar, Alice Johnson. I previously helped men in the MPRI program get jobs, housing, cars and more and I am ready to help her if allowed to help identify the nasty things that go in the justice system. My concern is the Lord has revealed they are still scheming and have made league to continue the attacks. Where was the TBI mobile crime unit? Where was any forensic? Where was any crime scene? They did not even turn over all the evidence as they made no effort to get it to keep the coverup alive. The DA was on the phone with the lying Chief the night of the alleged incident as an investigator from a different county. They end up moving the case to him where months later they get an indictment as the lyin' Chief as the only witness for grand jury. On arrest day four months later, they barge in church, no warrant, no Miranda and then Strader blasts my wife across the church kitchen, breaking her left wrist and tailbone. Over 60 attorneys refused to take the case because they were law enforcement. Do you want a fighter for you? Do you want the Bible as the basis for decisions? Sutherby V Sukach. Look it up. Also, I was a Cable TV talk host. Eagle Scout. College Class Rep. Hope Center Volunteer five years plus. Kids Pastor for the Summer program. Good News Club. Take 4-time purple heart Lyle Van Lew to his appts last four years. Last purple heart a bullet to the head. No he does not attend this church. It is out of brotherly love.
