The Greensburg City Council met in regular session Monday, May 4, 1992, Mayor Bill Edwards presiding. The council members were all present.

The minutes of the previous meeting were read and approved on motion by Lawrence Gupton, second by Ada Mae Wilcoxson.

A delegation of citizens from Shady Lane appeared before the council to discuss several problems, including the need for a street light at this end of the street going through the trailer park, loud music, cable office parking that blocks the road, drainage, vehicles driving too fast and the hazards of getting from Shady Lane to Columbia Highway.

The delegation was advised that some of their concerns would be helped by projects already underway.

Attorney Mindy Milby and Willie Milby, holder of the franchise for garbage collection, came before the council to discuss increased costs in fees at the Pulaski County Landfill where Milby dumps the solid waste from the city. The rate is now \$6.13 per cubic yard. This will result in additional dumping fees for city garbage of \$1500 a month.

After discussion a motion was made by Lawrence Gupton, second by Bill Parson, to approve a 13.5% across the board rate increase in the garbage rates and to form a committee to aggressively study recycling to see where garbage is coming from and where it can go. All voted aye.

~~The ordinance on the annexation of the Dawson Judd property on Autumn Drive was given a second reading and adopted on motion~~ by Woodson Risen, second by Ada Mae Wilcoxson. All voted aye.

Mayor Edwards brought up the concern related to large decaying trees in the vicinity of the footbridge. Some of these are on city property and some are on property belonging to Jim Durham. Mr. Durham indicates he will share the cost of having the trees cut and that the projected cost is \$1200. On motion by Lawrence Gupton, second by Billie Fields, council unanimously voted to do the same.

Council considered the bids that had been received on the landscaping of city hall and finding them higher than the amount approved last month, voted to increase the allocation by \$300 on motion by Lawrence Gupton, second by Woodson Risen.

There was a lack of consensus on taking action on the property maintenance ordinance and it was agreed to meet for a special called meeting of the council Monday, May 18 at 5:30 to act on the ordinance. In the meantime, a committee composed by Bill Parson, Woodson Risen any problems seen in the interpretation or enforcement of the ordinance.

The mayor announced the state plans to let the bid for the widening of 61/68, June 19.

The Park Board has asked for assistance from the city with its program. It was pointed out that the city has in the past not charged for the water used in cleaning and filling the pool at the beginning of the season and that will continue. The city also pays a light bill at the park each month in the amount of approximately \$105. As the budget is being prepared consideration will be given to giving some additional help.

Council was informed of an unopened alley in the Shreve Addition, going north from Shreve Avenue along property owned by Kevin Hunt on the west and Polly Posey on the right. On motion by Bill Parson, second by Ada Mae Wilcoxson, council unanimously voted to have Attorney Sam Moore take necessary action to close the alley and make the allowable distribution of the right-of-way to the abutting property owners.

Meeting adjourned on motion by Lawrence Gupton, second by Woodson Risen.
