The Audit report for the year 1967 was presented to the Council of the Council and a letter of recommendation by the Auditor was read to the Council as follows:

"October 24, 1968

Honorable Mayor George P. Archer
City of Prestonsburg
Prestonsburg, Kentucky

Gentlemen:

We have this day delivered to you an audit report of various city funds as of December 31, 1967. In preparing this report it came to our attention that the City needs to make certain improvements in the method of receiving and of disbursing of funds that have been entrusted to it, and in other record keeping procedures. These improvements need to be made to insure that reasonable and adequate controls are maintained over the various funds. We realize that the City's budget will not permit the employment of a large bookkeeping staff, but there are some elementary controls such as providing for counter signatures on checks, providing for proper authorization for all purchases before the purchases are made and payment is disbursed therefore; all employment contracts should be approved by the Council and a record made of such approval setting forth the terms, the period of employment and the amount of compensation; as far as practical, the duties of employees

We appreciate the opportunity and privilege of serving you, and we offer our suggestions in the spirit of being helpful and for the purpose of helping you carry out your responsibilities as elected public officials. It has been our observation that the City of Prestonsburg has over the past several years been progressive and that it has made many substantial improvements of which you can take credit for and be proud of. We would like to see a continuation of this progressive attitude carried out in the record keeping functions.

Very truly yours,

/s/ J. Mark Adams
J. Mark Adams"
